Go Suppliers & Services Pvt Ltd

POWERING INDUSTRIES. ENERGIZING GROWTH.

GO SUPPLIERS & SERVICES (PVT.) LTD.

Powering Productivity with Precision & Innovation

COMPANY PROFILE

Industrial Air & Gases | Power & Energy System | Material Handling Solutions | Spare Parts & Services

GOSAS | Integrated Industrial & Energy Solutions

GO AS
Go Suppliers & Services Pvt Ltd
POWERING INDUSTRIES. ENERGIZING GROWTH.

Why GOSAS?

Your Partner in Efficiency

At GOSAS, we combine global expertise, cutting-edge technology and turnkey support to solve complex Industrial air, gases, power, Energy and warehouse challenges.

Our Core Solutions

Air
Compressors, compressed-air treatment, air dryers, filters and related systems.

Gases
Oxygen and nitrogen generators, including PSA and VPSA solutions.

Power
Generator sets (Gen-Sets) and related power generation support.

Energy
Industrial and residential solar solutions.

Material Handling Equipment
Forklifts trucks, stackers, pallet jacks reach trucks, scissor lifts.

Spares and Services
Compressors, power generators, blowers, vacuums, material handling equipment's

Why Choose Us

Unmatched Reliability
Robust, premium equipment and proven designs help ensure uptime.

Energy Savings
Vaiable-sped solutions help reduce power consumption acording to application and load.

Total Support
From system design through commissioning, our EPC team and field service experts stand behind every solution.

Customer First
Integrity, commitment and safety drive our mission–your success is our success.

Air Compressors From Light to Heavy-Industrial Duty

Reliable compressed-air solutions for diverse industrial applications including oil-lubricated, oil-free ad specialty compressor technologies.

Oil-Lubricated Series

- **PM VSD Compressors**
  Smart Technology | Lower Energy | Higher Efficiency.
- **Two Stage PM VSD Compressors**
  Variable Speed | Continuous Operation | Stable Air Delivery
- **Low Pressure Compressors**
  Higher Productivity | Extended Service Life | Energy Optimization

Air Compressor Range & Comparison

01 SCREW AIR COMPRESSSORS

- **Power Range:** 5.5~315 kW • **Air Capacity:** 0.4~68 m^3/min
- **Working Pressure:** 8~10~13~16 bar
- **Features:** Energy Efficient | Durable | Intelligent Control
  Advance VSD Technology

02 OIL-FREE SCROLL AIR COMPRESSORS

- **Air Capacity:** 0.24~2.16 m^3/min • **Working Pressure:** 8~10 bar
- **Drive Type:** Belt / Direct Drive
- **Features:** Oil-Free Air | Compact | Smart Control
  Advance VSD Technology

03 DRY TYPE OIL-FREE SCREW AIR COMPRESSORS

- **Power Range:** 45~560 kW • **Air Capacity:** 3.7~86.2 m^3/min
- **Working Pressure:** 7~8~10 bar
- **Features:** 100% Oil-Free | High Efficiency | Reliability
  Advance VSD Technology

Brand: DULLANT

- **Efficiency Class** IE4/IE5
- **Motor** IP66/IP65
- Low Noise
- Compact Design
- Robust Performance

Go Suppliers & Services Pvt Ltd
POWERING INDUSTRIES. ENERGIZING GROWTH.

Blowers & Vacuums

Efficient Air Blower & Vacuum Solution

Application-ready blower and vacuum technologies for industrial airflow, pressure and suction requirements, with efficient, low-noise and low-maintenance performance.

Maglev Turbo Blowers / Oil Free Screw Blowers

Power Range: 15-1000 kW
Air Capacity: 13.5-430 m^3/min
Pressure: 40-150 KPA / 0.4-1.5 bar

Magnetic Levitation Bearing Technology: With oil-free operation delivers quiet, high-volume airflow with minimal upkeep.

Energy-Saving VSD: Adjusts output to demand, cutting energy use by up to 50%.

Oil-Free Operation | Maintenance Reduction
Compact & Quiet | Low Noise | Small Footprint | Intelligent Technology

Brand: DULLANT & ZHANG GU

Blowers & Vacuums Product Range

01 ROOT BLOWERS

• **Power Range:** 5.5-315 kW • **Capacity:** 270-12,100 m^3/hr • **Pressure:** 700-1,000 mbar(g) • **Features:** Major step forward in performance and usability with unique one-package design, complete range, low noise emissions, small footprint, easy installation, and accessible service & maintenance.

02 ROOT VACUUMS

• **Power Range:** 5.5-315 kW Capacity: 270-12,000 m^3/hr
• **Vacuum:** 450-500 mbar(g)
• **Note:** High power range is available on request.
• **Features:** Complete range, low noise emissions, small footprint, easy installation, and easy service access.

03 CENTRIFUGAL FANS

• **Capacity:** 1-800 m^3/s • **Pressure Range:** 300-50,000 Pa Operating efficiency Can reach 90%. • **Main Application:** Widely used in power stations, environmental protection, mining, metallurgy, petrochemical, subway, tunnel, wind tunnel and other industries.

Power Generation

Reliable Power When It Matters Most

We are offering complete range of **Dullant Power Generators with CUMMINS, PERKINS, WEICHAI, YUCHAI Engines, Trusted backup power** for your business and industry.

Generator Range

- **8 kW to 4,000 kW** (approximately 10 kVA to 5,000 kVA at a 0.8 power factor).
- Actual kVA ratings depend on the generator model, duty rating and rated power factor; confirm against manufacturer

Key Features

High Reliability
Built for continuous operation.

Fuel Efficient:
Lower operating cost.

Powerful Performance:
For all your power needs.

Comprehensive Support:
Installation, service and genuine parts.

Applications

- Industrial Applications
- Commercial Buildings
- Healthcare Facilities
- Data Centers
- Construction Sites

Go Suppliers & Services Pvt Ltd
POWERING INDUSTRIES. ENERGIZING GROWTH.

Material Handling Equipment

Powering Industries With Smart Material Handling Solutions

Diesel, Electric and LPG forklifts Trucks for versatile use, reliable material handling, optional mast, strong chassis with multi-functions attachments.

Diesel / Electric/ LPG Forklift Truck

- **Lifting Capacity:** 1.5~16 Tons
- **Application:** Industrial & Heavy-Duty Material Handling | Indoor Warehousing & Logistics |
- **Features:** Powerful & Optional Engines | Durable Transmission | Lithium Battery | Reliable Performance | Multi Attachment

Powerful Engine | High Durability | Lithium Battery | Reliable Performance | Multi Attachment

02. Warehouse Material Handling Equipment

- **Lifting Capacity:** 1.0~3.0 Tons
- **Product Range:** Reach Trucks, Stacker, Power Pallet
- **Application:** Indoor Warehousing & Logistics
- **Features:** Electric Powered | Lithium Battery | Low Noise | Efficient Handling

Electric Powered | Lithium Battery | Low Noise | Efficient Handling

Go Suppliers & Services Pvt Ltd
POWERING INDUSTRIES. ENERGIZING GROWTH.

Oxygen & Nitrogen Generation

On-Site Purity, On-Demand— Brand: CanGas

Authorized CanGas partner, offering modular PSA and VPSA solutions.

- **Industrial & Medical Models:** Purities to 99.999% for nitrogen and oxygen,as described in the sourceprofile; oxygen purity varies by technology and model.
- **Molecular-Sieve Generators:** High throughput with low operating cost.
- **Cylinder-Filling Options:** Integrated compressor and dryer skid for seamless supply.
- **CE & BV Certification:** Source profile states global safety and quality certifications; verify by product and model.
- **Rapid ROI:** Reduce reliance on cylinder rental and logistics.

Featured: VPSA Oxygen Generation System

High-Purity Oxygen: 93%–96% (reference promotional material).

- Energy-efficient operation
- Low maintenance and high reliability
- Environment-friendly systems
- Customized solutions for industrial requirements

Go Suppliers & Services Pvt Ltd

POWERING INDUSTRIES. ENERGIZING GROWTH.

Industrial & Residential Solar Solutions

Clean Energy Today for a Brighter Tomorrow

Customized solar solutions for a sustainable and energy-independent future.

Industrial Solar:
Higher efficiency and lower operating costs for industrial facilities.

Residential Solar:
Higher powering your home with clean renewable energy.

JinKO Solar | LONGi | Trinasolar | CanadianSolar | JA SOLAR | FOX ESS | Growatt | solis inverters | GOODWE Smart Energy Innovator

Benefits

Reduce Electricity Costs Save more every month

Clean & Renewable Energy
A greener Pakistan

Reliable & Long Lasting
Built for performance

End-to-End Solutions
Design, supply, installation & support

Expert Team & Consultation
Tailored to your energy needs

Quality Products & Trusted Brands
Your partner in sustainable energy

Battery Storage

High-efficiency PV modules, Inverters, Batteries and Turnkey EPC delivery for commercial and residential systems.

PV Modules	Inverters	Batteries	Trunkey EPC Delivery

| GOSAS | for a Cleaner, Greener and More Profitable Future

Go Suppliers & Services Pvt Ltd
POWERING INDUSTRIES. ENERGIZING GROWTH.

Value-Added Services

End-to-End Excellence

More than products–full lifecycle support to maximize uptime and return on investment.

01 **Multi-Brand Compressor parts and Services:**
Inspection, preventive maintenance, troubleshooting support, Genuine and replacement spares for major compressor brands.

02 **Multi-Brand Blowers and Vacuum parts and Services:**
Inspection, preventive maintenance, troubleshooting repair, Genuine and replacement spares for Blowers and Vacuums.

03 **Forklift Services & Parts:**
Forklift maintenance, repairs and parts for material handling fleets.

04 **Compressed-Air Line Filters:**
Filtration components and replacement elements.

05 **Air Dryers & Air Tanks:**
Refrigerated and desiccant drying equipment, Air receivers tanks.

06 **Power Generation Services & Parts:**
Generator inspection, scheduled maintenance, engines diesel/electrical/LPG services and replacement parts.

07 **EPC Contracting:**
Engineering, procurement and construction for industrial compressed air, MHE, power and solar projects.

Additional System Support

Compressed-Air Piping (FST):
Corrosion-resistant aluminum with push-in fittings; original profile states a 15-year leak warranty.

Real-Time Monitoring:
Compressed-air performance monitoring and analytics.
